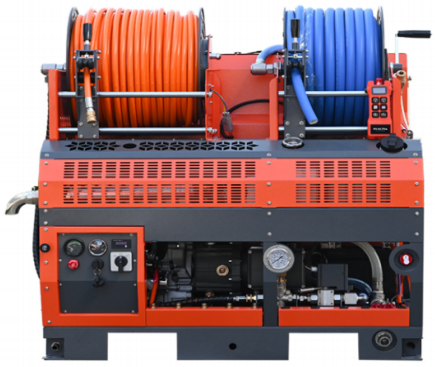
AMJET ·爱美洁·



Model：	RAQ3040-PRO
Pressure/flow：	300bar40Lpm--4350psi10Gpm
Power Horsepower：	27KW，37HP
Engine：	2 cylinder gasoline engine，Shenchi SV
High pressure pump：	German PERFECT POWER high pressure pump of stainless steel
Gearbox：	German PERFECT POWER reduction gearbox
Hose reel：	12V electric hose reel
Start mode：	one-button start/remote start
Size:	Length 1 1 0 cm Width 1 1 0 cm Height 118cm
Weight：	340kg
Cleaning range：	Pipe diameter50-400mm，500L tank
Remote wireless remote control function	
Remote control function: 1: Start/stop the machine. 2: Control the electric hose reel to retract/release the hose. 3: Increase the RPM/reduce the RPM machine's throttle (increasing the throttle can increase the machine's pressure output, decreasing the throttle can reduce the machine's pressure output). 4：Open water valve/close water valve. Chassis: Amjet patented new design anti-seismic, anti-pressure and shock-absorbing chassis Exhaust: Noise reduction exhaust system	
.	
Hose size	Left side 80m3/8--right side 80m1/4
Remote control distance	1000M
