

Spring plungers with detent ring

Item description/product images

Description

Material:

Sleeve, spring and ball in stainless steel.
O-ring NBR.

Version:

Sleeve bright.
Ball hardened, bright.
O-ring black.

Note:

These spring plungers with O-ring are suitable for overhead installation or for installing in difficult to access positions.

They can be pressed into the location hole by hand or using simple assembly tools.
The O-ring holds the plunger in place and prevents it falling out. Other components can be easily installed without the need for further assembly aids.
