### 1) Fiberglass Instant Pipe Repair Tape

# Instant Pipe Repair Kit

One Roll of Tape & A Pair of Gloves + Putty (Optional)

## Fix-All-Pipes™

### Under No Pressure (Flow Off)

Resin pre-impregnated fiberglass instant pipe repair, protection, reinforcement, corrosion protection and maintenance system that will set even under water.

**WITHOUT PUTTY**

- NP - 215 ( 50mm x 1.5m)
- NP - 327 ( 75mm x 2.7m)
- NP - 445 (100mm x 4.5m)
- NP - 650 (150mm x 5.0m)

**WITH PUTTY**

- NP - 215P
- NP - 327P
- NP - 445P
- NP - 650P

Available sizes: Minimum 50mm x 0.75m  
Maximum 300mm x 25.0m

# Instant Pipe Repair Kit

One Roll of Tape, Pressure Sealing Rubber Tape & A Pair of Gloves

## Fix-All-Pipes™

### Under Pressure (Still Flowing)

Resin pre-impregnated fiberglass instant pipe repair, protection, reinforcement, corrosion protection and maintenance system that will set even under water.

- UP - 215 ( 50mm x 1.5m)
- UP - 327 ( 75mm x 2.7m)
- UP - 445 (100mm x 4.5m)
- UP - 650 (150mm x 5.0m)

Available sizes: Minimum 50mm x 0.75m  
Maximum 300mm x 25.0m

Polyurethane resin pre-impregnated fiberglass (glass fiber) instant pipe repair, protection, reinforcement, corrosion protection and maintenance system that will set even under water. Used for ship, marine, dredging work pile, hose, pipe of under water (fresh and salt water), underground, Offshore, Process and Construction Industries

**No mixing ! No measuring ! No waiting ! No cleanup !**

## Pressure Sealing Self-amalgamating Instant Pipe Repair & Insulation Rubber Tape:

### **Easy to use self-adhesive rubber tape.**

Not sticky to the touch and does not adhere to other surfaces. Can be applied without gloves.

Resistant to moisture, oxygen, ozone, and corona, fuels, oils, acids, solvents, salt water, road salt, UV rays over a range of temperatures from -65F(-54°C) to +500F(260°C)

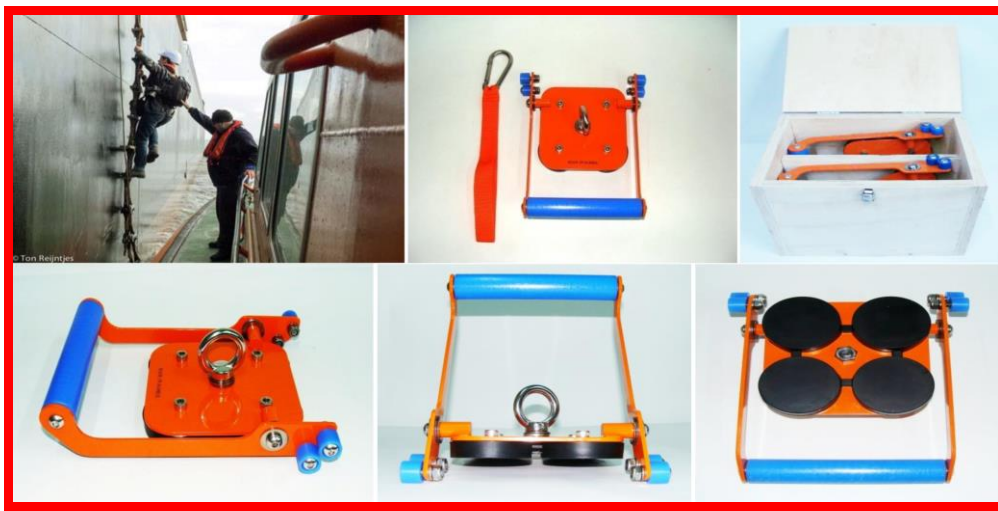

**All you have to do is just wrap the rubber tape around the leaking, cracked or broken pipes.**

Repair high pressure pneumatic or hydraulic hoses and pipes.

**Used when the pipe is under high pressure or electric insulation.**

## 2) Pilot Ladders Hull Magnet

Packing: In Wooden Case (2 sets in a Case)

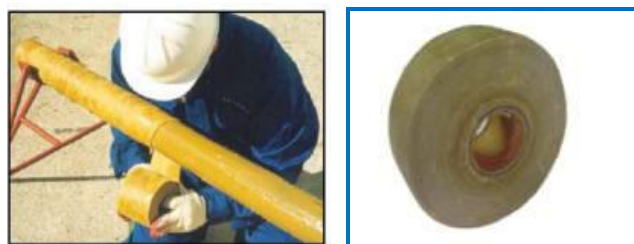

MOQ: 10 Sets (10 Pieces)

### 3) Accommodation Ladders Pneumatic Locker

Packing – In Storage/Transit Plastic Box  
MOQ: 2 Sets

### 4) Anti-Corrosion Tape: Petro Tape or Petrolatum Tape

#### **Size Table:**

| Description(WxTxL)  | Rolls/Box | IMPA Code | ISSA Code |
|---------------------|-----------|-----------|-----------|
| 50mm x 1.2mm x 10m  | 36(360m)  | 81.24.71  | 75.550.01 |
| 100mm x 1.2mm x 10m | 18(180m)  | 81.24.72  | 75.550.02 |
| 150mm x 1.2mm x 10m | 12(120m)  | 81.24.73  | 75.550.03 |
| 200mm x 1.2mm x 10m | 9( 90m)   | 81.24.74  | 75.550.04 |
| 300mm x 1.2mm x 10m | 6( 60m)   | 81.24.75  | 75.550.05 |

\* Standard Temperature : S-Type  
Service Temperature : (from -170°C to 60°C)

### 5) Metal Repair Product - HR Metal Plus 1000

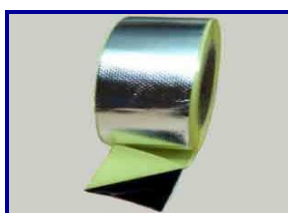

Two component epoxy compound that can be used to repair virtually any metal surface that has been damaged, cracked or worn with the welding effect without welding.

Two component repair product for metal repair and resurfacing which is based on epoxy resin reinforced with silicon steel alloy. It will not corrode and resists a wide range of chemicals. It is very easy without any help of a specialist or tools and can be machined using conventional tools. **\* IMPA & ISSA NO.: 81 23 51**

Packing: RH Super & Metal 1000 (960g)

## **6) Fire-Block™ Butyl Rubber Tape / Sheet / Putty Stick** **Thermal Expansion Fire-resistant Butyl**

Non-combustible Butyl Rubber

Fireproof Butyl Rubber

Intumescent Butyl Rubber

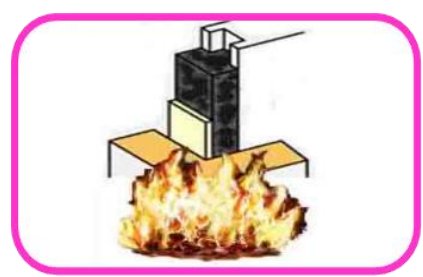

Though, butyl is being used for waterproof, soundproof, vibration-proof, dustproof, insulation, anti-corrosion and sealant, it is very weak to fire and heat.

**But, Fire-Block™**

Performs the above said functions and fire-resistant function at the same time.

**Fire-Block™ Butyl** is a new type of:

Fire-resistant material that expands in the event of fire or when heated to perform a fire-resistant function.

## Company Information

We are the manufacturers and distributors of Instant Pipe Repair Fiberglass Tape, Butyl Rubber Tape, Instant Pipe Repairing Pressure Sealing Rubber Tape, Metal Repair Products, Pilot Ladder Hull Magnet, Embarkation/Accommodation Pneumatic Locker & etc

Since its' establishment in 1998, we have been selling these products locally and overseas.

BEAUTOPIA realized the concept of Quality Assurance jumping over Quality Control stage and concentrates its best efforts to produce best products based on the spirit of human respect. BEAUTOPIA is prepared with the best facility, and systematic quality control system for the stable production for our customers trust

## Company History

1998. 05. BEAUTOPIA established.

1998. 05 Pipe Repair Tape & Pipe Maintenance Products

2012. 09 Fire-Resistant Butyl Rubber Tape " **Fire-Block™** "

2014. 03 Pilot Ladders Hull Magnet & Accommodation Ladders Pneumatic Locker

2014. 11 HR Metal Plus 1000

## Countries Exported to

UAE, Greece, South Africa, The Netherlands, Taiwan, Germany, Malaysia, USA, Spain, Singapore, UK, Ukraine, Iran, Israel, Italy, India, Indonesia, Japan, China, Czech, Turkey, Pakistan, France, Australia, Hong Kong, Mongolia, South Africa, Russia & etc.
