PAY ATTENTION

Connectors must be already assembled with the fixing screw, but without the gasket of the connector. You have to pack the connectors in plastic bags, without any label on the plastic bag and every single plastic bag must contain 50 connectors. Moreover you have to pack the gaskets (that you have not assembled on the connectors) in "separate" plastic bags together with the connectors) and every single plastic bag (without any label, too) must contain 50 gaskets. NOTE: the fixing screw must be made of stainless steel.
