Material Number 9405705, 672 - Lead Free Class 125/150 Companion Flange C - Wrot

The flange features a solder copper adapter and a steel flange. This fitting provides a means for adapting a solder connection to a flange connection. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent qualities of beauty, durability and low maintenance, copper's reusability makes it an ideal application in sustainable projects. NIBCO® copper fittings are manufactured in an ISO 9001 certified facility, and backed by
