

End of Life Announcement for RoboteQ FBL2360T

RoboteQ announces the end-of-life dates for the FBL2360T controller. These controllers have entered obsolescence and are being replaced with the improved RoboG4 **FBLG2360T** controller.

The replacement RoboG4 product retains the same dimensions and power specifications as its predecessor but boasts a more powerful MCU and improved hardware, enabling new features and capabilities.

RoboteQ customers that are using any of the affected controllers are encouraged to take the steps to transition to the use of the replacement RoboG4 models in their systems by the dates defined in Table 2. This impacts only new orders placed after October 31, 2023, existing orders will be processed as ordered. Please note: FDC2360, FIM2360 and FSM2360 controllers are not affected by this change.

Table 1: Affected Control Model and Replacement

Affected Controller Model	Replacement Controller Model
FBL2360 (T/TS/TE/TES)	FBLG2360T(S) Currently available FBLG2360TE(S) Currently available
