

Fieldpiece tools help you do your job easier,
faster and better, but also, more safe.

Work safely with Fieldpiece!

Our electrical clamp meter, the SC680, has a rotating head so you can always read the measurements and the clamp itself allows you to separate electrical wires so you don't need to touch this with your hands.

Check out this, and other tools to learn how you
can do your work easier, fast and better...and safer!
