

SUNNEX HS 20W HALOGEN

The shape of the Sunnex HS, in combination with its robust design and simple adjustment, has made the lamp a reliable industrial light for over 30 years.

Sunnex HS is fitted with Sunnex's classic flexible arm which is of extremely high quality and the lamp produces a extremely well focused spot light. Sunnex HS comes with either an integral transformer or in a low-voltage version for direct connection to machinery.

The light can also be supplied with a dimmer, and is available sealed to safety class IP20 or IP65. Sunnex HS is available with a 500 or 700 mm flexible, bendable arm, as well as in the form of a spot with both single and double joint.

Examples of applications include spot lighting for manufacturing machines, machine tools, the graphic design, assembly work and precision mechanical work.

Applications

- Workshop Machinery
- Machine tools
- Point Lighting
- Monitoring and Inspection
- Assembly Work

Benefits

- Well-focused spot light
- Flexible arm for precise control
- With or without a joint in the lamp head
- Ergonomic design
- Various brackets available
