

Premier Compact Lifejacket

Reference# 83200

Premier Compact 150N Lifejacket

Since the Crewsaver Premier was introduced in July 2010, the lifejacket has led the way in passenger and crew lifejacket safety. Driven by regulation changes for lifejacket accessibility on cruise ships, and customer demand for reduced bulk and improved storage options, Crewsaver has designed the Premier Compact - a 49.2% smaller alternative (by volume) to the original Premier..

The Premier Compact provides the crucial, continued safety and performance features of the previous and delivers improved storage options due to its significantly reduced volume and easy-stack profile. A unique design of the neck opening allows for increased wearer comfort, while durability is assured by the use of tried and tested quality components.

Facts

- MED approved
- Minimum of 150N
- Efficient use of storage space at only 17.4 l - 49.2% smaller alternative to the original premier
- Easy pull-out pillow for intuitive donning
- A foam cut out for the buckle ensures easy stack and- stow, no folding or manipulation required
- Sacrificial stitch at the end of the waist belt to allow it to run free if caught, helping to prevent snag hazards
- Improved comfort and fit around the neck with reengineered neck aperture
- Buddy line and whistle stored in recessed pocket
- High visibility fabric, foam and webbing are a proven success in the field
- Waist belt designed to fit chest girth of 1750mm
- Clear id windows for vessel identification
