

MB

Vases d'expansion à membrane fixe.

Utilisés dans les installations de chauffage en circuit fermé.

Membrane résistant aux principaux additifs.

Peinture rouge ultra résistante.

Cache protecteur de la valve d'air.

Certification UE.

Gamme adaptée aux principaux additifs.

The MB series is a fixed membrane tank performed for central heating systems.

Externally this tank is coated with a very resistant red powder.

Internally the membrane is clipped or welded and made by a synthetic elastic rubber SBR.

This vessel is NON POTABLE, only for heating issue. 100% tested in our plant.
