

Produktinformation

Technical specs:

|                        |                        |
|------------------------|------------------------|
| Rated voltage:         | 12V;                   |
| Rated Current:         | 150mA                  |
| Power Consumption:     | 1.8W;                  |
| Coil Resistance:       | 80 ± 8Ω at 23°C;       |
| Contact type:          | Change over contact    |
| Bracket:               | w/o bracket,           |
| Feature:               | Sealed;                |
| Contact Material:      | Silver Alloy;          |
| Nominal Current:       | 60/70A;                |
| Pick up V:             | ≤8V;                   |
| Drop Down:             | ≥1.2V                  |
| Electrical life :      | 100,000;               |
| Mechanical life :      | 1,000,000;             |
| Tempature Range:       | -40°C-+85°C;           |
| Pulling time:          | 7ms approx;            |
| Drop out time:         | 5ms approx;            |
| Weight:                | 30g. approx;           |
| Insulation Resistance: | 100M ohm Min (500V DC) |

|                                                                                                                                                                                               |                                                                                                                                                       |                                  |
