LEVELLING ELEMENT TYPE BNR 200/0

Item No.: 09-0021

Round levelling element, moveable levelling bolt available as an option

Highly effective plate elements, preferably for light to medium-heavy machines.
The movable levelling bolt can compensate for any unevenness of the floor or angular differences of up to ± 3°.
Good resistance to most commercially available coolants, lubricants, and fuels, as well as cleaning agents.

FEATURES

Technical Data	
Load	62,000 N
Material	GG25 / EN-GJL-250
Color	RAL 7037, dusty grey
Temperature range	-20°C up to +80°C

Dimensions	
Diameter [D1] /[D2]	213 / 200 mm
Height [H]	42 mm
Angle compensation	±3°

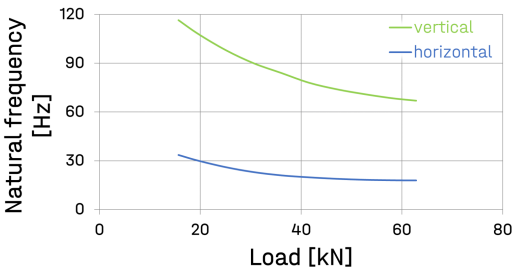

Insulation pad	
Pad type	B0
Thickness	15 mm
Hardness in Shore A	90±5

LEVELLING BOLTS (OPTIONAL)

Width across flats	M18	M20	M24
WAF1 / WAF2 / WAF3	8 / 19	15 / 30	17 / 36

Bolt length	M18	M20	M24
100 mm	19-0131	19-0179	-
125 mm	19-0134	19-0183	-
150 mm	19-0137	19-0186	19-0215
200 mm	19-0140	19-0189	19-0224
250 mm	19-0143	19-0192	19-0227
300 mm	-	19-0195	19-0230

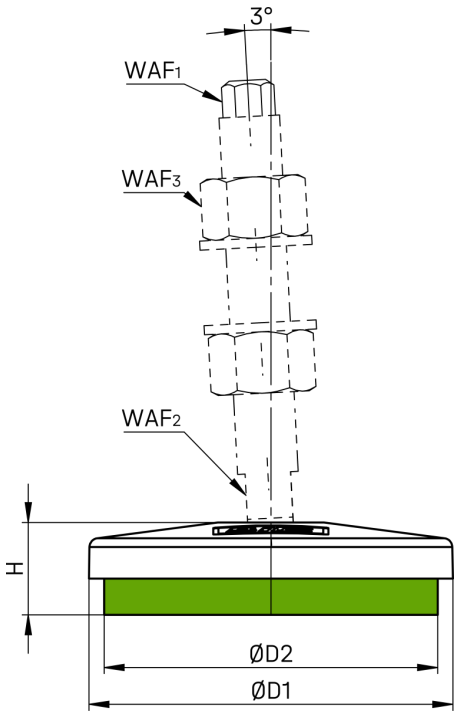

Incl. 2 x nut DIN 934 and 2 x washer DIN 125
